TUCSON, ARIZONA

PRODUCT SERIES: RLO - 36", RLO - 48"

Project Overview

The city of Tucson , Arizona wanted their street cars to go green from day one. They looked to United Streetcar to provide the needed streetcars.

With the help and input of LED SMART the Tucson street cars are now equipped with LED SMART lighting technology. The installed lighting will save the city on maintenence and electricity for years to come. Definitely a smart choice.
